Tools & Tech

Google Ads, Meta Ads, Canva, SEO Tools

OUTCOME

Industry-ready Digital Marketing foundation

Week 1: Introduction to Digital Marketing

Marketing funnel

Understanding the customer journey from awareness to conversion and loyalty.

Branding basics

Defining your brand identity, voice, and visual elements to stand out in the digital space.

Week 2: SEO

On-page SEO

Optimizing individual web pages to rank higher and earn more relevant traffic in search engines.

Keyword Research

Finding and analyzing search terms that people enter into search engines with the goal of using that data for marketing.

Off-page SEO

Actions taken outside of your own website to impact your rankings within search engine results pages.

SEO Tools

Leveraging industry-standard software to monitor, analyze, and improve search engine visibility and performance.

Week 3: Social Media Marketing

Facebook & Instagram Ads

Deep dive into the Meta Ads Manager ecosystem, exploring ad formats, placements, and creative best practices for social platforms.

Audience Targeting

Mastering demographic, interest-based, and behavioral targeting. Understanding custom audiences and lookalike modeling.

Campaign Setup

Step-by-step execution of campaign creation, from defining objectives and setting budgets to launching and monitoring performance.

Week 4: Paid Ads & Analytics

01 Google Ads

Mastering search engine advertising, keyword bidding strategies, and creating high-converting ad copy for the Google Search Network.

02 Analytics & Reporting

Tracking campaign performance, interpreting data insights, and generating professional reports to measure ROI and optimize marketing efforts.

03 Email Marketing Intro

Introduction to building subscriber lists, automation workflows, and crafting engaging newsletters to nurture customer relationships.

Final Evaluation

Campaign Presentation

The culmination of the 1-month training program where students showcase their industry-ready digital marketing strategies.
